Sunshine Family Child Care is a licensed family day home by the Virginia Department of Social Services. Our mission is to provide excellent care for children 6 weeks to 12 years. Your child will be involved in activities that promote language and cognitive development, creativity, physical, personal and social development. While a daily routine is followed to provide stability and consistency, flexibility is also provided so that the individual needs of the children can be accommodated. We believe a child's early experience can enrich and stimulate future growth. Children deserve to be treated and respected as individuals in an environment that welcomes exploration and imagination. We respect each child's need for love, security, and acceptance. We have an open door policy, parents are free to visit at any time during business hours.
